255	Hal Naus	5	7.917	31
244	Jeff Key	2	2.200	9
243	Dan Barrows	1	1.700	7

The number listed under "Points" is the Calhamer point count where only wins and draws are tabulated: Winners receive 1 point; in a draw, the point is divided among the surviving players. The "Averaged Score" is computed by dividing the number of points by the number of "Games Rated," omitting decimals. The resultant score is similar to a batting average in baseball.

A score of 143 is average, equivalent to winning 1 of 7 games. To arrive at an equitable score, therefore, only players completing a minimum of 7 games are included. Also excluded are players believed to be inactive for more than a year and games with less than 7 players or team games. Replacement players are not charged under "Games Rated," unless they win or draw the game.

All players should check their scores. Kindly direct inquiries to THE DIPLOMACY ASSOCIATION, c/o Mr. John J. Beshara, 155 West 68th St., New York, NY 10023.

THE DIPLOMACY ASSOCIATION presents

## NORTHERN STALEMATE POSITIONS

by ERIC VERHEIDEN

During the past few years, a number of analyses of western stalemate positions were published. See, for example, the articles by John Beshara and Robert Lipton, and my own "Western Stalemate Positions" in *Atlantis* #313. None of these, however, extended a certain fundamental progression: Positions not requiring control of the Mid-Atlantic.

1. Armies: Bel, Bre, Den, Kie, Nwy, Par, Pic, Ruh, StP.

Fleets: Eng, Iri, NAT.

Supply Centers: England, Low Countries, Scandinavia, Bre, Par, Kie, StP. (12)

F Eng S A Bre A Pic S A Par A Bel S A Ruh A Den S A Kie A Nwy S A StP

Remove A Pic and A Bel. Add A Bur and with support from Paris and Ruhr, this new position requires only 11 units for 12 centers. From here, trade-in A Den for A Ber and F Bal. By supporting Berlin with A Kie and F Bal, there are now 12 units and 13 centers. Notice in the last two positions St. Petersburg is expendable; the stalemate is effective with A Swe S A Nwy.

(A slight reduction of this position appeared in John Beshara's "Fundamental Stalemate Positions, IV" in *ATLANTIS* #73.)

2. Armies: Ber, Bre, Bur, Kie, Mun, Nwy, Par, Ruh, StP.

Fleets: Bal, Eng, Iri, NAT.

Supply Centers: England, Germany, Low Countries, Scandinavia, Bre, Par, StP. (14)

F Eng S A Bre A Par S A Bur A Ruh S A Mun A Kie S A Mun F Bal S A Ber  
A Nwy S A StP

Extensions proceed in two directions:

First, heading towards Russia, add armies in Prussia and Livonia, remove A Nwy and A Ruh. A Ber and A Kie S A Mun, F Bal S A Pru, A StP S A Liv, making the position solid.

Next, exchange F Bal for A Sil, to be supported from Berlin and Prussia. A new
